

Sold Cheap

We have sold our entire millinery stock to Mrs. Ellen E. Eckles of Ogden. Mrs. Eckles owns this up to date stock at bargain prices and will continue our plan of selling good hats, very cheap.

We heartily recommend Mrs. Eckles to our many patrons, and are certain her efforts will be the means of keeping millinery prices down in Ogden. Buying and selling for cash at a small profit will continue to be the principle of operation.

STILL 1-3 OFF

We made some price sacrifices in selling this stock and Mrs. Eckles will be able to continue our "close out" sale for a few days at one-third off on all hats. New hats are to arrive soon and will be sold at unheard of low prices.

Get acquainted with Mrs. Eckles. It will be to your interest. She has leased our shop for a period of five years. If you are her patron for that time your savings will be great.

100 Lbs. Chick Feed \$4.25

Here is your chance to save on this staple item. All stores have only a few sacks left. Any quantity while it lasts per hundred pounds \$4.25

Oysters Cheap

20c small cans oysters	..	.15
35c large cans oysters	..	.29
20c cans tomatoes	..	.15
20c cans sugar corn	..	.15

48 TALL CANS MILK \$5.60

1 dozen tall cans milk	..	\$1.45
2 tall cans milk	..	.25

Good Meats

At no time in the past have our markets received so many compliments on the superior quality of our meats, as at present. We are cutting many young steers now, that other markets would charge almost double our price. Try just one steak or roast.

SKAGGS'

Pastor Becomes Benedict Weds Newspaperwoman Leave For Honeymoon

In the First Congregational church, of which he is pastor, the Rev. Godfrey Matthews was wed this morning at 11 o'clock to Miss Emer Sanford, daughter of Mrs. Emma Sanford and former society editor of the Ogden Standard-Examiner. The Rev. John W. Hyslop solemnized the wedding ceremony.

The wedding was the culmination of a newspaper romance which was born and developed during the period when the Rev. Matthews volunteered his services to the Standard during the war and while at the same period Miss Sanford was employed in the newspaper office. The romance ripened during the months that followed and resulted in the announcement of the engagement several weeks ago. Miss Sanford resigned her position with the newspaper two weeks ago to become the bride of the minister.

Beautiful Wedding. "A most beautiful wedding." This was the sentence contained on the lips of the hosts of friends of the bride and groom as the ceremony was completed this morning. The church was completely filled with the host of friends and relatives of the bride and groom and nearly an hour was consumed in the showering of congratulations upon the couple before their departure for Salt Lake, where they will spend a portion of their honeymoon.

The altar of the church was completely filled with lilies and tulips

and similar flowers were used for the church decorations.

To the strains of the "Wedding March" the bride was led to the altar by Mayor Frank Francis. John Coates, the best man, accompanied Mr. Matthews and the couple met at the altar as the congregation arose.

Double Ceremony. The Rev. John W. Hyslop conducted the ceremony and the Rev. John E. Carver the betrothal. Miss Lillian Thatcher was maid of honor and the bridesmaids were Miss Marie Sanford and Miss Grace Matthews, sisters of the bride and groom.

The ushers were George Likert, Remis Likert, Charles Johnson, Harry Lyons, Sherman Handershot and Wanda Wren.

With the closing words of the prayer following the ceremony, the couple marched to the rear of the church where they were surrounded by friends and showered with congratulations.

The couple left following the ceremony for Salt Lake on a two week's honeymoon.

LITTLE THEATRE, JUNE 3RD AND 4TH

The colored ladies auxiliary, I. B. P. O. E. W., will present a big musical comedy at Little theatre, June 3, 4, 1920. This company is made up of Ogden colored people, and will feature a player-piano as its principal music.

Don't miss the fun.

SCOUT LEADERSHIP CONFERENCE HELD IN OGDEN; OFFICIALS FROM ALL PARTS OF STATE ARE PRESENT

Scout leadership conference was held in the City hall yesterday afternoon when addresses and discussion on matters of importance to scout work were discussed by prominent scout officials.

At the conclusion of the afternoon session and adjournment was taken to give the delegates an opportunity to visit the State School for the Deaf and Blind where the May festival was being held. The scout officials give high praise to the work of the students at the state school, claiming that it was the very best performance of its kind they had witnessed.

Banquet at Reed

A banquet was held in the Reed hotel in the evening, followed by another session of the conference. The speakers at the conference included National Field Executive, Charles N. Miller of Los Angeles, Dr. Charles G. Plummer of Salt Lake, Mayor Frank Francis, Scout Executive O. A. Kirkham of Salt Lake, Dr. Geo. H. Hill of the Utah Agricultural college, Supt. W. Karl Hopkins of Ogden and Scout Executive George A. Goates of the Ogden council. There was a total of 82 scout officials present from Ogden, Salt Lake, Brigham City, and Logan.

The delegates to the conference met at the Reed hotel at 1:30 and then adjourned to the council chamber of the City hall at 2 o'clock. A photograph of the scout officials was taken in the City hall park at 3 o'clock with Mayor Francis in the center.

The conference opened by singing "America" and prayer by Commissioner Bert L. Richards of Logan. Mr. Miller then gave a talk on over-night hiking, discussing the topics of the object of the hike; the flag ceremony, camp fire songs and drills, discipline (drill), records, nature studies and game. This address was followed by an interesting discussion.

Camp Topics

Dr. Plummer was the next speaker and discussed the subject, "The Fundamentals of the Camp," stating that the object was, sanitation, cooking, standards, and Nature study and how to teach it. He pointed out that the Scouts are the guests of Nature and they should not destroy or injure what God had made. What to eat, how to study and how to help the boy to know God's wonderful land, were points brought out by the speaker.

Mayor Francis gave an address that was an inspiration to the Scout officials. He praised the work in Ogden and pledged his support. He defined scouting as a true religion in as much as it taught duty to God, duty to our country and fellowmen through a program of teaching boys to be physically strong, mentally awake and morally straight.

At the evening meeting which followed the banquet, President George Goddard of the Ogden Local Council delivered a speech of welcome to the visitors and expressed his appreciation at their attendance. He introduced Dr. Hill of Logan who related the incident when he received his first inspiration as scoutmaster.

Mr. Kirkham of Salt Lake discussed the subject, "The Big Idea in Scouting," and Superintendent Hopkins told of the work scoutmasters were doing. He stated that the work was worth while. The boys become like their leaders, and scouting builds a splendid citizenship and is a splendid educational program.

National Field Executive, C. N. Miller told of his experience in Butte, Montana, and other places, stating that he loved scouting for the great and grand principles it stood for. He knew the scout laws and oath was doing a great amount of good for the rising young Americans.

State Scout Day

A committee was appointed to make arrangements for a state Boy Scout day in Utah. The committee appointed consists of Dr. John H. Taylor, chairman; Oscar Kirkham, Salt Lake, B. L. Richards, Logan; A. L. Freeman, and G. A. Goates of Ogden.

The conference adjourned at 10:30 p. m.

VERLE B. FRY IS HIGH SCHOOL GRADUATE AT 14

Verle B. Fry.

The youngest high school graduate in Ogden and probably in the state, is Verle B. Fry, son of Mr. and Mrs. H. B. Fry of 1108 Twenty-fourth street.

He was graduated Friday evening of last week by the Weber Normal college from the general high school course at the age of 14.

When 7 years of age he entered the grades in the Morgan county schools, and finished his work in four years and subsequently his high school course in three years, one year of which was spent in the Morgan county high school, one at the secondary school of the University of Utah, and his final year at the Weber Normal college.

RIVERS LEVELS SHOW DECLINE

Cooler Temperatures Result in Diminished Flow in Ogden and Weber

With cool temperatures of last night and this morning the waters of the Ogden and Weber rivers diminished today and practically danger of overflow is over for a time at least, according to C. H. Martin, city supervisor of streets. The Ogden river fell more than six inches this morning, and the waters of the Weber receded, although not so rapidly as the Ogden.

The area on Thirty-third street, west of the Union Pacific railroad tracks, is still under water although the water has receded and is gradually getting back into the river channels. The road to Roy near the river bridge is now clear and open for travel.

Land near Slaterville and West Warren is still inundated and crops there are a complete loss. All banks of the Ogden river in the city district have held during the swollen condition of the stream and no damage has been reported from overflow.

MEMORIAL DAY MESSAGE GIVEN

President Wilson Sends His Greetings to U. S. Veterans of World War

NEW YORK, May 25.—A Memorial day message from President Wilson to American veterans of the world was received here today by the American Legion Weekly. It read:

"We approach this annual celebration of Memorial day with our hearts filled with tenderest and grateful memories of those who have given their lives for America. The day has been consecrated to the country's heroic dead. This is observed by those who were comrades in arms and who shared with the well-remembered dead the experiences, the hardships, the perils and the glory of war; this is celebrated by the people of the country who take it as an annual occasion to renew their loyalty to the country and to draw fresh inspiration for the tasks of peace from the memory of the sacrifices which were made so freely in times of war."

"The day is therefore filled with both memories of the past and inspections for the future. It gathers the traditions of what we have done in order that we may have the courage for what we have to do."

"Progress moves like an army; it has its days of training and preparations, its days of conflict and its days of vindication; it has its campfires and its memories. To you who were soldiers of America in the great war I send affectionate greetings. What your arms have done for liberty in France your spirits will continue to do for justice at home. Great experiences make great men and out of the tragedy of this test a new, heroic quality has come to the American manhood you represented and your country's affection for what you have already done is only equalled by its confident hope of the manly part you are still to play."

--it's straw hat time

---you'll find here, some very new novelty ideas that haven't been shown before--- new textures and new twists from far-off tropical climes. And because they're so new and exclusive they're very fashionable this season.

---then, too, there are the standard weaves ---Panamas, Balibuntals, Bangkoks, Leg-horns, Sennits, Milans, etc.

Weather Unsettled; Showers Forecast

"Unsettled, probably showers this afternoon and tonight. Wednesday fair and cooler." This was the prediction received in Ogden this morning which failed to bring any smiles to the

faces of officials in the city hall who read the message.

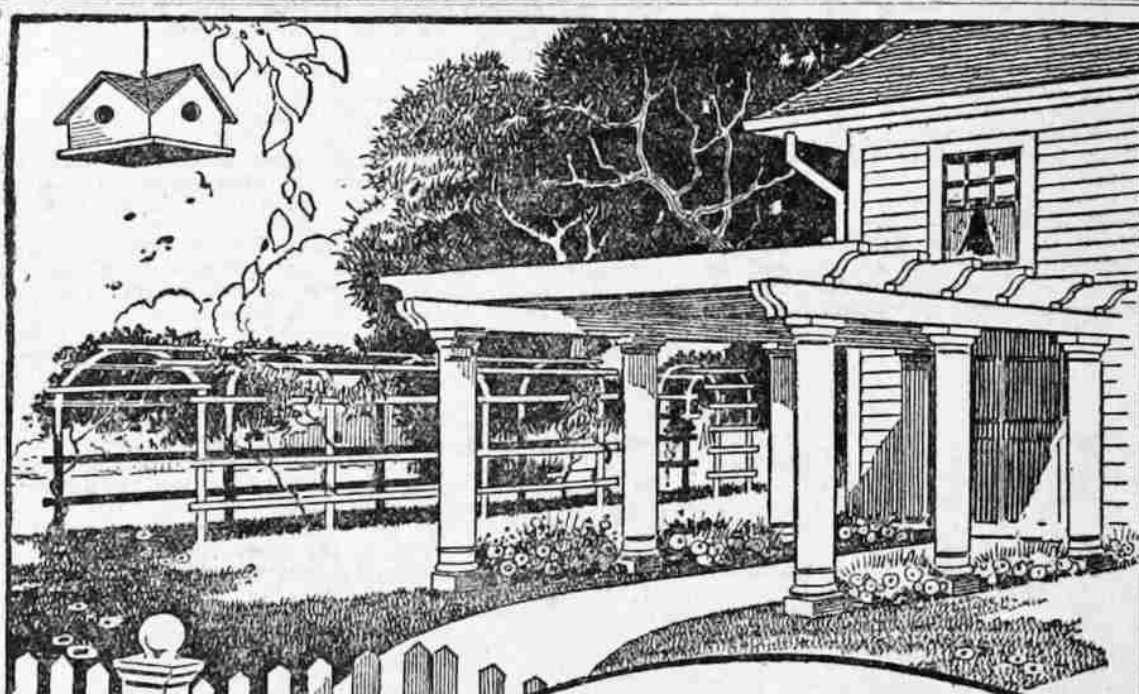

Yesterday's maximum temperature was 70 degrees with a minimum of 44 degrees. This morning the mercury reached 51 degrees at its lowest point.

STUDENTS IN CONFLICT

BERLIN.—A conflict is developing between various students' fraternities and the socialist Prussian minister of education, Herr Haenisch. His plan to

democratize universities is meeting with strong opposition from many of the students, a large number of whom are traditionally staunch supporters of monarchical, pan-German and anti-Semitic principles. They acclaimed the advent of Dr. Wolfgang Kapp and the militaristic counter-revolution with enthusiasm.

The recent ginger crop of Hong Kong is the best on record.

BACK-GARDEN BEAUTY

The Good Painter Says

"A neat back-fence, a grape-arbor, a little pergola and a bird-house or two all prettily painted are just as important to back-garden beauty as shrubbery and flowers. When I see such a combination, I wonder why more folks don't have 'em. There's nothing cooler and sweeter looking. Inexpensive, too."

"But don't neglect the painting. The flowers and shrubs must have the proper setting and there's nothing on earth like McMURTRY MIXED PAINTS to keep the out-door woodwork in neat and attractive shape. You must paint up and clean up just the same as you plant and cultivate and, just as you can't get good results with poor seeds, you can't get the best results with poor paint. That's why I say use McMURTRY MIXED PAINTS."

Sold by All Leading Dealers
